

Travel to the ICPS 2012 Show

The ICPS show will be centered at the Johnson and Wales Inn, Seekonk Massachusetts, USA

From Boston: Travel time from Boston to the show is about 1 hour (plan on more for rush hour traffic if you travel 7 am till 9 am, or 4 PM till 7 PM) Rental cars are available on the airport site. There is also a train that can be accessed from Boston Logan to Providence. RI. About 15 miles from the hotel. Boston Logan airport is an international airport.

From New York Area Airports Kennedy Airport (NY) LaGuardia Airport (NY and Newark Liberty Airport (New Jersey) These airports are about 3 ½ to 4 hours travel time from the show. There is no transportation service from these airports to the show directly, but rental cars are available. These airports are all international airports.

Providence T.F.Greene Airport Providence airport (PVD) is an excellent large regional airport that is less than 20 minutes from the show location. Rental cars are available on site. We are looking into the availability of hotel ground transportation to the show site. Several economy airlines fly into PVD (southwest is the most popular) Connections are available to anywhere in the USA. This would be the airport of choice for those flying within the Continental USA
