NECPS Mission Statement

"The mission of the New England Carnivorous Plant Society shall be to share, to gain knowledge of, and to achieve expertise in all phases of growing, education, appreciation, and conservation of carnivorous plants in both culture and in native habitats."

President's Message

Summer has arrived! It seems like this year in Southern New England, we went from snow, to a long wet late winter, to summer almost overnight. The wet, cool May has passed, and summer has arrived with all her heat, humidity and bright sun. Perfect weather for moving the tropical plants we grow outside and letting nature take its course.

At the NECPS, we are starting our course for the BIG event next year, the ICPS Conference 2012 that we are hosting. The competition to host the show was strong, and we were up against other bigger venues and cities for the honor of hosting the conference -- But we were awarded the event. The REAL work has begun.

NOW, more than ever we need all the members of the NECPS to work together. Did I say work? That may be a poor choice of words, for when we all 'work' together on something we love, it is hardly work. Think of all the fun we have putting the annual show together. It is hardly 'work' when we ALL pitch in and get things done collectively.

The 9th annual NECPS show is just 2 ½ months away. We can make that show the best ever. And then, the 10th annual show can be the most wonderful event we've ever staged, the 2012 ICPS Conference and Show. It works best, it ONLY works when we ALL get together, we ALL get involved, and we ALL do the things we can to make it successful.

Just like we have in the past, only bigger and better. Let's all do what we can, to make it work!

Namaste

Save The Date: 9th Annual Fall Carnivorous Plant Show!

The NECPS show is only two months away! It will be held at the Roger Williams Park Botanical Center (see top for address) Here are the dates and times for safekeeping:

**Saturday, October 1, 2011, 11 AM till 4:00 PM, and
Sunday, October 2, 2011 from 10:00 AM till 3:00 PM**

I will be the first to say that this show is *incredible*. Beautiful, healthy carnivorous plants everywhere, a silent auction for members (where I will be donating some nice *Nepenthes*!) and loads of people to talk to about carnivorous plant growing techniques!
